

SALTO XS4 ORIGINAL+ ANSI SMART ELECTRONIC LOCK

COMFORT/SAFETY/EASY ADMINISTRATION

The SALTO XS4 Original+ is designed to fit most ANSI profile doors, mortise, cylindrical and tubular locks.

Easy to install and retrofit, it can replace your existing door hardware and fits any door with a broad range of different models and functions.

The XS4 Original+ incorporates the latest BLUeNet wireless and mobile credentials technology to accommodate access control needs of both today and tomorrow.

PROPERTIES

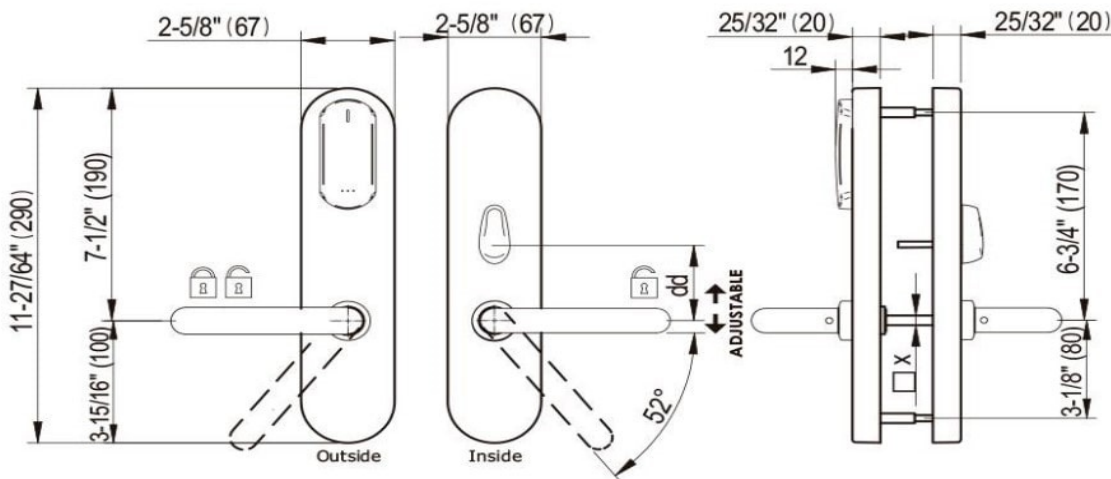

- : Simple installation is possible on any type of door.
- : Body and escutcheon made of steel.
- : Available with mechanical cylinder cut outs for key override or access lock outs (override mortise cylinders).
- : Mechanical or electronic privacy option.
- : The lock can always be opened from the inside (single action panic feature works in conjunction with the SALTO LA1T15 series mortise lock).
- : Complementary escutcheons without reader available to maintain the aesthetics of doors that do not need to be controlled.
- : Clutch mechanism escutcheon; when unlocked handle moves freely.
- : Reversible handle left or right escutcheon.
- : Compatible with ANSI standard cylindrical and mortise locks.
