SALTO XS4 ORIGINAL+ EURO

SART ELECTRONIC LOCK
COMFORT/SAFETY/EASY ADMINITRATION

The XS4 Original+ electronic smart lock combines proven robustness, the highest quality materials, the latest technology and an elegant design – making it suitable for a wide range of access control applications.

XS4 Original + EURO is a mortise lock with an auxiliary arrow that ensures automatic "locking" after closing the door. The latch lock function increases security and protection against opening the door with a plastic card.

XS4 Original+ is suitable for all types of wooden doors in offices, hotel rooms, warehouses, etc.

PROPERITES

: Simple installation is possible on any type of door, including those with narrow frames.
: Body and escutcheon made of steel.
: Available with mechanical cylinder cut outs for key override or access lock outs (override European and Cam profile cylinder) with audit trail facility available.
: Mechanical or electronic privacy option.
: The lock can always be opened from the inside (single action panic feature works in conjunction with the relevant mortise lock).
: Complementary escutcheons without reader available to maintain the aesthetics of doors that do not need to be controlled.
: Reversible handle left or right escutcheon.
: Clutch mechanism escutcheon; when unlocked handle moves freely.
: Compatible with DIN and European mortise locks, mortise locks with Swiss profile cylinder, Australian standard mortise locks and narrow style mortise lock.
