

SILICONE WRISTBANDS

COMFORT / EASY MAINTENANCE

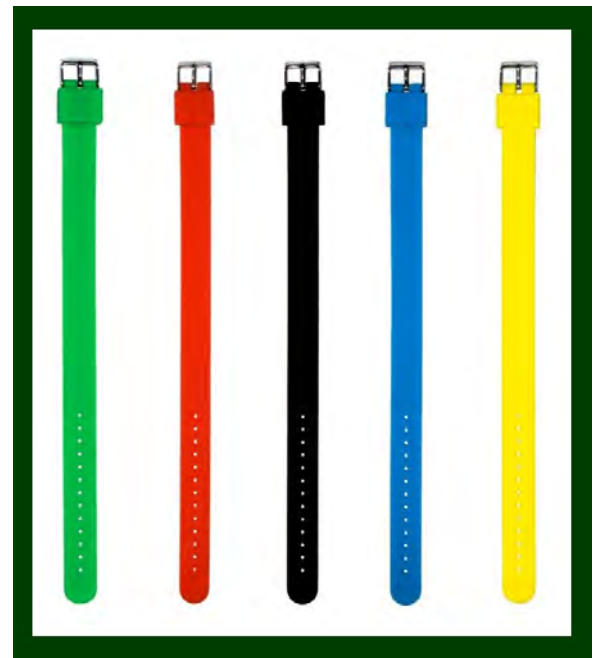

We present to you **unique silicone wristbands**.

Exclusively from our company, you can now get a **great replacement for regular textile or nylon wristbands**, a **REPLACEMENT** for your wristwatch, chip watch.

You simply **replace the old and impractical wristbands with our silicone ones** and you **get rid of the worries** of their maintenance, complicated cleaning, washing, and drying.

They will **impress you with their pleasant** and above all **hygienic design**. Your customers will no longer have the unpleasant feeling that a wet wristband is sweaty from the previous visitor or is otherwise unhygienic.

Our silicone wristbands will reduce your operating costs for disinfection, cleaning, and drying. These wristbands are applicable to most watch chips.
