

ACS-S2

Intelligent Safe Box

The Intelligent Safe Box ACS-S offers a seamless express safe management experience through an all-in-one app. Connected to a gateway, users can remotely unlock or lock the safe with a single touch. With a generous size of 410mmx360mmx190mm, it caters to daily storage needs.

The ACS-S2 provides a simple and convenient user experience, including app unlock, password unlock, IC card unlock, eKey sharing, USB port charging, steel plate material construction, unlock record monitoring, emergency key access, and low power consumption.
