

ACS-S5

IntelligentSafe Deposit Box

The intelligent safe deposit box ACS-S5 belongs to the most advanced locker management systems designed for outdoor use. With dimensions of 550 mm x 550 mm x 700 mm, the ACS-S5 provides ample storage space for everyday needs. It allows users to lock or unlock the deposit box remotely using the all-in-one TTLock application.

This system has been designed to offer users a simple and convenient option for remote control and management. Unlocking the ACS-S5 deposit box is possible through the TTLock application, password, IC card, or eKey. You will appreciate its robust steel construction and additional features, such as USB port charging, unlocking record monitoring, emergency key access, and low power consumption.

PROPERTIES

- : Advanced 4-in-1 outdoor high quality safe deposit box.
- : Unlock Methods: Password + App + IC card + Key.
- : Large size = Large storage capacity.
- : Seamless control through an all-in-one app TTLock.
- : Remote unlocking and locking via a single touch or long press.
- : Real-time unlock record tracking for enhanced security.
- : Lower power consumption for energy efficiency.
- : Battery: 4 AA Alkaline batteries.
- : Battery Life: 10,000 normal unlocks.
- : USB charging port for emergency power supply.
- : Material - Steel plate construction for durability.
- : Temperature Range: applicable for -20 to 65 °C.
- : Possibility to unlock the express cabinet with the phone via eKey.
- : Share the temporary password to facilitate the delivery.

Application Scenarios
