

# ACS-TTlockP3

## Electronic Smart TTlock Padlock

ACS-TTlock P3 is a new padlock not only for outdoor use, which combines top security with ease of use. With the option to unlock via smartphone, PIN, card or traditional key, users have unique flexibility in choosing their preferred access method.

The high-quality construction, characterized by a combination of aluminum alloy and stainless steel materials, ensures resistance to the harshest outdoor elements. You will also be interested in the possibility of emergency power supply using the USB charging port and recharging the lock using a portable charger.
